

Remarks

The Official Office Action of October 19, 2005 and the references therein made of record have been carefully considered.

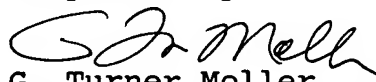

The Examiner has rejected claim 3 only as being dependent on a rejected claim. Applicant has accordingly amended claim 1 to incorporate the limitations of claims 2 and 3, meaning that claim 1 and its dependent claims 4-12 should now be allowable.

Independent claim 13 has been added. Claim 13 differs from claim 1 in only one respect, i.e. that the C-shaped support comprises a pair of C-shaped members rather than halves, meaning that claim 13 is sufficiently broad to encompass a device having two or more hollow C-shaped members that are not halves to provide a cavity receiving the necessary circuitry to operate the device. It is accordingly submitted that claim 13 is allowable over the art of record.

Two sets of drawings are attached. The drawings with red markings show changes to the drawings. The second set of drawings are substitutes for the originally filed drawings.

It is submitted this application is in condition for allowance and early steps toward that end are earnestly solicited.

Respectfully submitted,

G. Turner Moller
